DEDICATION

To Mr. Hubert Dickson,
Sponsor of our class, who for
two years has served as friend
and advisor to us, who has in-
stituted many new organiza-
tions and cooperated in making
successful school functions
and whose genial and friendly
nature has gained him many
friends, we the annual staff,
respectfully dedicate this the
1940 School Daze.

FOREWARD

The happy events and associations of the past year are gone; but the recollection of this happiness and the memories of the four years of high school may be preserved. To preserve the memory of the happy years we have published the 1940 School Daze. And if in it we have expressed our appreciation to the faculty; if through it we may be better able to cherish the friendship of our school days; if by it we have helped to form a link of good feeling between the classes-----then the 1940 School Daze will have served its purpose and we may consider our time and work on it well spent.

TEACHER'S STATEMENTS

- Mr. Dickson: For all your days prepare
And meet them ever alike
When you are the anvil, bear
When you are the hammer, strike.
- Mr. Carey: "To thine own self be true,
And it must follow, as the night
the day, thou canst not then
be false to any man."
- Mr. Bergman: "People who think, and control
their emotions, are most different
from common animals."
- Mrs. Hartman: Count that day lost whose
low descending sun
Views from thy hand no
worthy action done.
- Miss Wuenker: I do not know beneath what sky,
Nor on what seas shores by thy ate;
I only know is shall be high,
I only know it shall be great.
- Miss Hull: Acquire the habit of expecting success,
or believing in happiness; nothing
succeeds like success; nothing
makes happiness like happiness.
- Mr. Fouts: Fight ever on: this earthly stuff
If used God's way will be enough.
- Miss Clark: It's the songs you sing,
And the smiles you wear
That's a makin' the sun shine everywhere.
- Miss Conner: Hold your cup!
Joy will fill it,
Steady, be ready;
Don't spill it,
Good luck!

SENIOR CLASS POEM

Up the years we've climbed with care
Facing problems everywhere,
Week by week, and day by day,
We still must journey on this way.
Now life whispers that we must
Not let those careful teachings rust.

We have our burdens, hurts, and pains,
But countless are our pleasant things.
If success comes, as we hope it may,
And if we should climb to fame someday;
Of the people here in this neighborhood
Our thoughts will always be kind and good.

Come what will or when it may,
We face the future without dismay;
And though the road be stormy and rough,
We fear no problems, however tough.
Our faith and ability to do and dare,
Will help us, life's problems to solve and share.

By Richard Burns

SENIOR PROPHECY

It was a lovely warm day in June of 1940. I was strolling through the streets of Chicago when I ran into "Sappo", an old comic friend of mine. He asked me to lunch with him at his home and having nothing else to occupy my mind, or rather my stomach, I accepted.

Sappo was an inventor and scientist and was very enthusiastic about his latest invention, "The Elixir of Truth Powder", which he explained when sprayed on an individual would make him tell the truth concerning anything asked him. I immediately thought of the Senior Class of Chili and hit upon a plan that would necessitate his cooperation. He was to permit me to spray this powder on him and then I would ask about each member of the class and see what they will be ten years from this day. He agreed, and after performing the necessary operation and arrangements, I hurried into my act because the effects of the powder might soon wear off. The following astonishing facts were revealed:

Donnabelle Bemenderfer ran off and eloped with Bernard Keim. They journeyed to New York where they rented an apartment. Donnabelle, accustomed to singing while doing her housework, was one day overheard by a manager of an amateur program. She was given an audition. She now sings over a nation-wide hook-up as "Donnie Baker" Keim.

Lewis Landes is now known as "Benny Landes" and his trumpet. He leads a band, that according to the music critics, is the hottest band in the land. And can they ever play the "Beer Barrel Polka"!

Harriette Carpenter became married to Leedy Kellar, who shortly after their marriage was killed in an accident. Harriette set out to seek a job. Having a good voice, she signed up to sing with "Benny Landes's" band and incidentally, it is rumored that Benny is intending to change her name.

Glen Wisler has tried out at every big league training camp but failed to make the grade. He is now serving as an umpire for a Y.M.C.A. Junior Baseball League. This job pays well. He now owns more than three neckties and owns a thirty Model-A Ford. He has been thinking of letting his beard grow and joining the house of David.

Jeanne Keirn went to Hollywood, where she took a screen test, which was a complete failure. She is now working as a clerk in a five and ten store and is in a sad state of despair due to her unsuccessful marriage to a milk man known as Leo Sullivan.

Ed McAlister is now at the head of the Murphy estate. He is one of the most successful farmers around Chili. His son, Edward Jr. has recently joined the 4-H Club.

Dortha Musselman and Gene were engaged, but due to certain disagreements broke their engagement. Dortha is now a private secretary. She recently won the title of "Miss Indiana."

Eugene Grismore very discouraged from his broken engagement with Dortha, decided to commit suicide but then changed his mind. With a grim determination to fight for a place in life he became a leader of the P.W.A. project in Chili.

Thelma Stone is still a shy little girl, who is now married to a prize fighter. He socked a ring on her finger, snacked her on the lips, embraced her with a left hook, and now the battle is on forever.

Leo Gaff after graduating could not find his type of girl, so he left home and joined the navy. He is now one of their ace pilots and recently won a medal for outstanding bravery.

Olive Lines is married to Frankie Wahlig, of course. They live in rooms over the garage, where he works. Frankie is now half-owner of the garage and Olive is president of the Ladies' Aid Society.

Due to the fact that the effects of the powder have worn off considerably, we pause so, that we may add another shot of the Elixir, thus making this a more reliable source of information.

Evelyn Dickerhoff is now the wife of Mr. Fred Wray who owns the Wray Lunch Room in Los Angeles. Incidentally, Freddie Jr. has just recently recovered from an attack of the measles.

Don Kamp went through College and secured a job as a private accountant. He recently married a girl from Chili. Her name is Ruth Deardorff.

Frank McAlister has achieved his life long ambition and has replaced Bill Stern as No. 1 sports announcer for NBC. By luck, it happens today, he is celebrating his 5th wedding anniversary with the former Mary Jane Grismore.

Glen Land is still the romantic playboy. When out with his girl, Ruby, one night he said, "I love you Agnes", and the next night he proposed to Betty, and next day he married Madlyn, and now is divorcing Geneva.

Aaron Kotterman has surprisingly become a model farmer and husband. He is now the head of the Farm Bureau. His wife, the former Wilma Wisler, recently won first prize for having the healthiest baby in Miami County.

Richard Burns has for several years been working in close contact with Government G-Men. He has very nearly cleaned up all the bad men in the West. He is now appearing in a Western movie as "Two-Gun Butch".

Eugene Philabaum due to his arguing ability acquired at old CHS, has become a professional lawyer mostly female clients with cases against husbands. He practices at Reno, Nevada.

Mari Ellen Personett has served ten years now, not as a prisoner but as a warden over Clarence Ramsey. She takes in washings to support her worthless husband and six children.

Howard Brown in a moment of despair due to a split in his romance with Norma Jean Bomenderfer, has joined the navy and is now the ace tuba player in the U. S. Navy Band.

John Harvey attended college at Notre Dame University where he suffered a serious injury while playing football. While convalescing in the hospital, he fell in love with his pretty blonde nurse. The rest is obvious.

Armond St. Jacques is now a Baptist Missionary in Indo-China. He graduated from Taylor University and married to Mariel Brown.

Virginia Hull is still teaching school. A most **amaz-**ing thing has happened. She has a Chevrolet now! Imagine that! A teacher without a Ford.

Hubert Dickson is now setting on top of the world. He recently invented a hair-growing liquid. It's fixed him on top.

Harvey Carey was promoted from last year's Junior G Men. He is now at the head of the CHILI VOLUNTEER FIRE DEPARTMENT.

Elinor Wuenker quit teaching school but she didn't quit teaching. She now teaches all young romeos how to court a beautiful young lady properly.

Alfretta Hartman broke her hand when she got it in the Bass Drummer's way. Therefore, she quit teaching music and began cooking her husband three square meals a day.

Harold Bergman was picked to play the part of Dopey in "SNOW WHITE AND THE SEVEN DWARFS".

The Freshmen Class was organized in September, 1939. . . There were nineteen members in the class.

They were initiated into the High School by the Sophomore Class early in October. The Freshmen then gave them a return party later the same month.

In January Norma Bemenderfer entered our class from Akron, and in February Paul Thomas entered our class from Gilead.

In the beginning of our Sophomore year we had twenty members. Milne Leffel quit, this leaving nineteen members in the class. At Christmas Charles Bostic quit decreasing the class to eighteen members.

EAST SIDE ACTIVITIES

At the beginning of the school year there were twenty eight pupils enrolled in the primary room and twenty-eight pupils in the intermediate room. Three students moved away and three students enrolled in March leaving the enrollment the same at the end of the year.

The students purchased a volley ball, football, and various games with money they received from the sale of garden seeds.

The school won the county school attendance record for the months of October, December, and January.

We received the Indianapolis Star, American Boy, Look, and Child Life during the year.

There are thirteen graduates from the eighth grade. That is the largest graduating class in the history of the school.

The grades gave a Christmas play at Christmas time. They sold garden seeds to purchase play equipment.

ELEMENTARY ACTIVITIES

September -The first day of school.

October---The fourth, fifth, sixth grade received one hundred new books. That put their library in excellent condition giving them a wide variety of fiction novels.

On October 27th the 4, 5, 6, grades celebrated Haloween by giving a party. The pupils made the most of the occasion by masking and parading around the assembly for the High School students.

November---The 1,2,3 grades received a ditto machine. This has proven very helpful and practical for Miss Conner. A piano was also placed in the room.

On November 29th Miss Conner's room and Miss Clark's room had a Thanksgiving Dinner to-gether.

December---Christmas was recognized in the usual fashion. A party, student gift exchange and the much anticipated teacher's treat.

Christmas Vacation December 22 to January 1.

February 14 the 1,2,3 as well as the 4,5,6 held a Valontine Party. The customary emptying of the Valentine box was the high light of the party.

March-----On the 21st the grades were entertained by a Cinderella Puppet Show in the gymnasium.

On March 22 the various rooms held an Easter party on Mr. Fouts.

ELEMENTARY SPORTS

In the Fall the 7-8 played softball. The team won 1 and lost 3. The only win was over Ridgeview.

The main Winter sport was basket ball. The team played several games and came out winning 1 and losine 3. David Fouts coached the softball and basket ball team.

The German Band or Brass Quintet consisting of five members. They are John Swantner, Armond St. Jacques, Howard Brown, Eugene Philabaum, and Lewis Landes. These boys are all Seniors except John Swantner who is a Sophomore. They have played at P. T. A. Meetings at East Side. They also played at Roann on the amateur program once, and at Twelve Mile for a W. L. S. home talent show.

Armond St. Jacques was student manager for the varsity this year.

CHILI HIGH SCHOOL BAND

The Chili High School Band was organized at the beginning of this school year. The task of organizing a school band has been made comparatively simple since the community already had a band under the direction of L. V. Doud. The band has been self-supporting. So far the band has purchased all their own music, a new set of cymbals, and last and surely not least, new uniforms. Each band member bought his own white duck trousers, white shirt and black tie and the band purchased black rayon jersey sweaters with a white "old English C" on the front for each member, and black and white Pershing caps. The drum majorette's uniform is the most striking of all in gold and white with a short West Point jacket and corresponding colors in a shako cap. The band has been efficiently lead by the drum majorette. Sara Lou Dickson.

The band has had a very busy year under the direction of Mrs. Hartman, music teacher. They have played and marched for all home basketball games and the Macy game, there. They gave their annual band concert, February 7. The band also competed in the county music held at Chili in which they took 8 out of 18 prizes offered with the schools of Amboy, Butler, Clay, Bunker Hill, Decdsville, and Giload competing. They journeyed to Manchester College the 10th of April to take part in their annual clinic.

CHILI HIGH SCHOOL ORCHESTRA

The High School Orchestra has had an interesting year of practice and playing in public. There have been a few new instruments used in the orchestra for the first time. These instruments are the cello, Eb alto mellophone, flute, and bells. This year their director, Mrs. Hartman, has tried to build a better string section and work for better tones and execution from every section of the organization.

The orchestra members along with the band attended the Band and Orchestra clinic at Manchester College, April 10.

The orchestra has tried to keep pace with the band. They have a total enrollment of twenty-one members.

CHILI PEPPER HISTORY

For the past two years the Chili Pepper has won national recognition as a superior mimeographed newspaper. In 1938-39 it was published as a bi-monthly paper under the co-editorship of Margaret Robbins and Thanet Boswell. The "Chili Pepper" is a member of the National Duplicated Paper Association and a charter member of the international journalist association, The Quill and Scroll.

Frank McAlister, the Editor-In-Chief for 1939-40, is the only student member of the Quill and Scroll from Chili. The "Chili Pepper" of 1939-40 was a weekly edition. Exchange papers from 28 schools were received regularly.

The National Duplicated Paper Association has constantly given the "Chili Pepper" a class "A" rating and at the end of the 1938-39 season give the paper a "Certificate of Merit" for being a superior paper. This is the highest honor any mimeographed newspaper can receive.

The success of the "Chili Pepper" is largely due to the efforts of its sponsor Miss Virginia Hull, who organized and started the first "Chili Pepper".

The staff are as follows:
Editor, Frank McAlister, Donald Kamp, John Harvey, Armond St. Jacques, Eugene Geismore, Richard Burns, Eugene Philabaum, Thelma Stone, Lewis Landes, Lee Gaff, Ed McAlister, Miss Hull, (Sponsor).

STUDENT COUNCIL

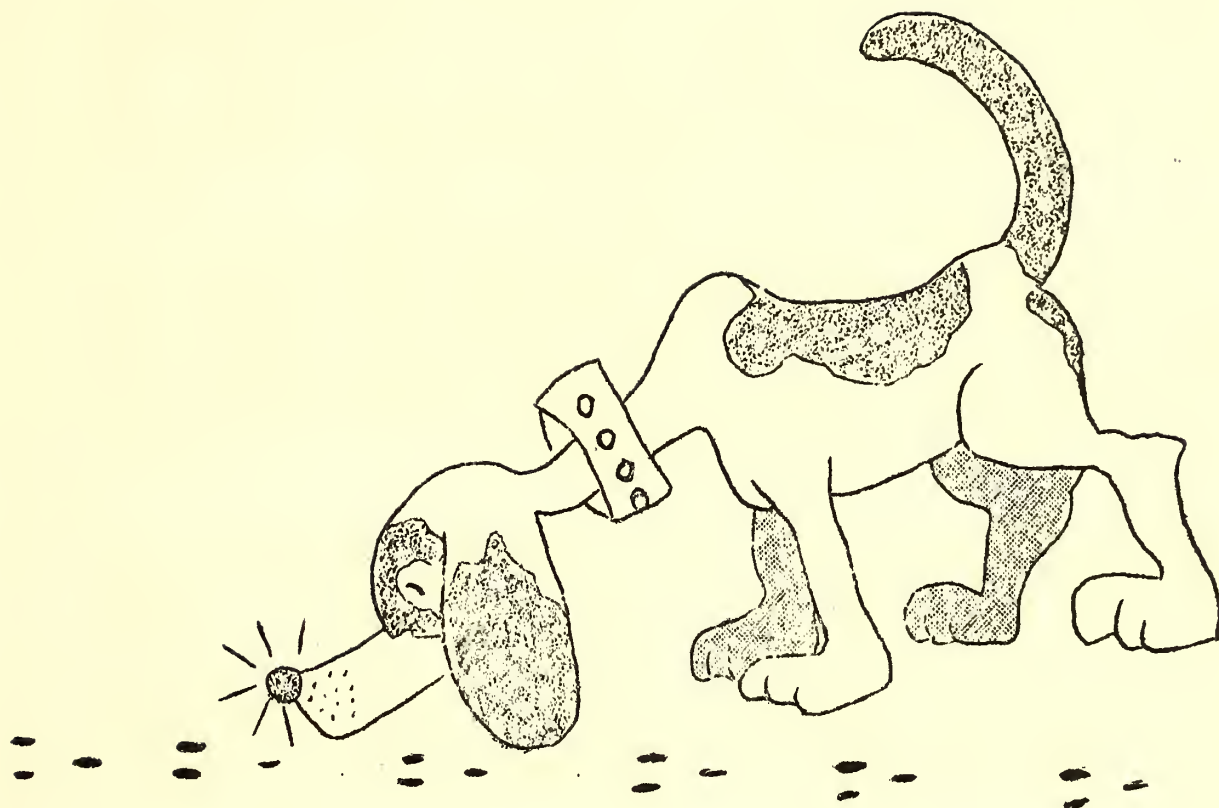

The Student Council, which was organized this year, shows accomplishments in and about the school. Officers were elected early in December with Donald Kamp, President; Howard Brown, Vice President; and Olive Lines, Secretary and Treasurer. Later in December Donald resigned as President. Then Howard Brown became the President and Herschel Burns, Vice President.

Representatives were elected by the classes. The representatives are: Seventh and Eighth, Betty Lee Miller, Freshmen, Roy Hostetler; Sophomores, Donas Kamp and John Swantner; Juniors, Ruth Vaught, Jud Cox, and Herschel Burns; Seniors, Olive Lines, Evelyn Dick-erhoff, and Lewis Landes.

They organized the monitor system. They are used to designate where they are going and the time left and the time arrived.

Also the fire drills once a month.

Assembly programs once a week by each class. Which have proved very successful.

SPORTS

CHS

EDDIE MCALISTER (SENIOR)

"Ed" has played on the team for the last two years. His ability to shoot with either hand coupled with lots of drive has made him hard to stop.

JUD COX (JUNIOR)

"Coxey" is only a Junior, but he is fast and has an accurate shot. He has played forward for the past year and we hope he will be back to fight for dear old Chili next year.

GLEN WISLER (SENIOR)

"Whis" played center. His ability was his rebound work and he had a nice fake and pivot. He was always willing to cooperate and he will be missed next year. "Whis" was captain this year.

EUGENE GRISHORE (SENIOR)

"Gene" has played his fourth and last year as a guard for Chili. He was one of Chili's speediest players and always showed plenty of fight.

FRANK MCALISTER (SENIOR)

"Fibber" has played guard for Chili for the last two years. He was known as the "TOWER OF DEFENSE." He was captain last year. He will be missed next year.

AARON KOTTERMAN (SENIOR)

"Kotty" played at the defensive left guard position, he usually went in when one of the other guards had to come out. He was quick on his feet and an accurate shot.

JOHN HARVEY (SENIOR)

"Red Beard" has played on the team for two years. He played a running guard. He was called upon to play when the other guards had to come out.

LEWIS LANDES (SENIOR)

"Benny" played center in the place of "Whis" when needed. He was the next tallest man on the squad. "Benny" did nice work under the basket and was good on his rebound work.

RICHARD BURNS (SENIOR)

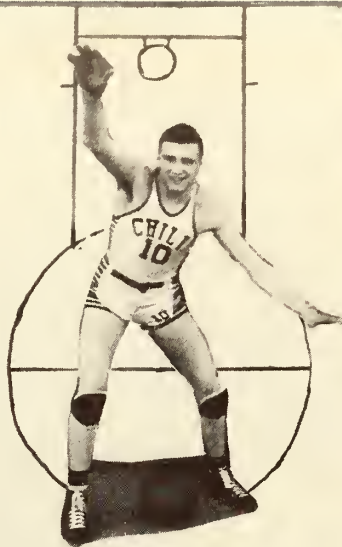

"Rich" played forward. He didn't get to play much, but was always willing to fight. Because of age "Rich" was unable to play the last half of the year.

HERSCHEL BURNS (JUNIOR)

"Poog" is only a Junior, but that didn't bother his playing. He is a tricky and a fast player. His ability to hit from any angle has made him truly outstanding. He will be back next year.

TROPHIES OF CHS

The trophies represent victories in three blind tourneys which the Senior boys have participated. In 1937-38 the team captained by Max Keirn won the Blind Tourney. The 1938-39 team captained by Frank McAlister repeated the performance, and in 1939-40 a team captained by Glen Wisler won the third trophy by defeating Deedsville and Mexico. The 1937-38 team was coached by Dan Shambarger, while Hubert Dickson has coached his teams to two tourney victories.

YELL LEADERS

The Yell Leaders for the current season were freshmen, Violet Love (left) and Mary Jane Grismore (right). They were elected by a majority vote of the student body. They have shown great enthusiasm and spirit which has aided the team even when the going was the roughest.

HUBERT PICUSOL "COACH"

"Dick" has deftly filled the position as coach of Chili for the last two years. His mastery of basketball, his willingness to cooperate with students, players, and fans, has made him one of the most popular coaches Chili has known.

John S: "Why do rabbits have shiny noses?"
 Merril S: "Because their powder puffs are on the other end."

The proud mother visited the furniture store to make the final payment on a baby carriage. The ambitious clerk, ever alert for the customer's welfare, asked: "And how is the Baby?"
 "Oh, just fine," answered Mrs. Cox. "He's getting married next week."

Thelma S: "I'm in an awful jam."

Olive L: "What's the matter?"

Thelma: "I've lost my glasses, and I can't look for them until I find them."

Harriett C: "They say money talks."

John H: "It does; but it never says more than two words to me, and they are 'good bye.'"

I wore it all last year."

Armond St. Jacques: "This place seems very noisy, doesn't it Mr. Carey?"
Mr. Carey: "Yes it does. The only time it's quiet is when a train goes by and drowns out the noise."

Ed M: "Why do you carry that old plugged coin around with you?"

Alan K: "I'm married now, and I like to say I'm able to keep a cent in my pocket."

Your sister always has something up her sleeve.
Yes, that's why she gets arrested for shop lifting so often.

"I hear your old man got in good with the cops last week."

"You bet he's in good. He's in for five years."

"Angel, you're one girl in a million."

Critic: "The picture of the horse is good, but where is the wagon?"

Richard: "Oh, the horse will draw that."

Fibber: "Why does so small a cavity feel so large to the tongue, Doctor?"

Dentist: "Just the natural tendency of the tongue to exaggerate, I suppose."

Mrs. Fouts: "What time did you get home last night?"

Mr. Fouts: "A quarter of twelve."

Mrs. Fouts: "Why David Fouts, I heard the clock strike three."

Mr. Fouts: "Well, isn't three a quarter of twelve?"

Gene P: "Have you ever kissed Donna Belle?"

Bernard: "I really couldn't say."

Gene: "What can't you say?"

Bernard: "Well, you see, I promised her I wouldn't tell."

Gene G: "What's the best way to teach a girl to swim?"

Glen W: "Well, you want to take her gently down to the water, put your arm around her waist, and---."

Gene G: "Aw, it's my sister."

Glen W: "Why didn't you say so, then just push her off the dock."

"I want to complain of the flour you sent me the other day," said Mrs. Fred Wray, severely. The grocer assumed an anxious expression, and inquired what was the matter with it. "It was tough," replied the housekeeper, accusingly.

"My husband simply could not eat the biscuits I made with it."

Fibber: "Jane told me that I was the answer to a maiden's prayer."

Harriett: "She didn't ask for much, did she?"

Gene P: "I like Doris Lee because she steals, lies, and swears."

Jeanne: "Why how dreadful!"

Gene P: "She steals in my arms, lies there,-- and swears that she loves me."

Jeanne: "Your new overcoat is very loud."

Leo: "Yes, but I intend to wear a muffler with it."

Mr. Dickson: "Once when I was shipwrecked I had to live on a can of beans."

Richard Burns: "Gosh, you didn't have much room to move around did you?"

Ed McAlister: "Boy, oh boy, did I give that guy a dirty look?"

Glen Wisler: "What did you do, show him the back of your neck?"

Our idea of perfect co-operation is when all the freckles on a girl's face come together and make a beautiful tan.
